## CITY MAY FALL

### Kuropatkin Advises the Abandonment of Port Arthur

### IMMENSE JAP LANDING FORCE

### Russia Denies the Report of Further Losses in Saturday's Bombardment Cyril May be Dead

#### Further Losses Reported

London, April 16.—A dispatch from St. Petersburg just received here reports that the battleship Sevastopol and another Russian vessel have been blown up at Port Arthur.

The Sevastopol was one of the few Russian battleships reported left in condition for effective fighting at Port Arthur.

The other vessel blown up may have been the Retvizan, which, although damaged, was used in the harbor as a fortress.

A St. Petersburg telegram from Port Arthur states that three Japanese warships were damaged in the bombardment of that place yesterday.

#### Advised to Abandon Port Arthur

London, April 16.—A dispatch from Mukden via Rome says General Kuropatkin has advised the Czar to abandon Port Arthur.

Unless the fleet can be reinforced and made effective the place is useless for military purposes during the war.

#### Cyril May be Dead

Paris, April 15.—Le Temps correspondent at St. Petersburg, repeating the unconfirmed rumor that Grand Duke Cyril is dead, adds that the Grand Duke was about to leave the Petropavlovsk with Admiral Makaroff's orders to the commander of the shore batteries, when the explosion which destroyed the battleship occurred.

#### Says the Harbor is Blocked

Tokio, April 16.—The Times this morning prints a dispatch from its correspondent off the coast of Korea.

The dispatch is dated yesterday and in it the correspondent says he believes that the entrance to Port Arthur is now sealed.

#### Exact Losses Given

St. Petersburg, April 16.—It is officially announced that forty officers and 750 men perished in the sinking of the Petropavlovsk.

The correspondent of the Petit Parisien at Tokyo telegraphs that the Japanese newspapers are complaining bitterly of the hostile attitude of the French press and are hinting that serious results to French interests in the Orient are likely to follow as a consequence.

A St. Petersburg correspondent of the London Standard reports that Admiral Togo's fleet escorted a squadron of transports to the mouth of the Yalu where 12,000 men embarked. They were attacked by the Russians and driven back to their ships with heavy losses.

#### Denied the Report

St. Petersburg, April 17.—The story of the sinking of the battleship Sevastopol and another vessel at Port Arthur in circulation here today, is officially denied.

#### The Fruits of War

Shanghai, April 17.—It is reported that two carriages on every train which has arrived at Mukden in the past few days, have been filled with the bodies of Russian soldiers.

Some were killed in battle and some were frozen to death. Fifty thousand Russian troops have lately arrived from Harbin at Liao Yang.

#### Jap Cruiser Reported Lost

St. Petersburg, April 17.—A dispatch from Port Arthur says several eye-witnesses assert that a Japanese cruiser was lost outside Port Arthur on April 12th by striking one of the floating mines.

Chafsoo, April 17.—A Japanese attack on land, northeast of Port Arthur is now looked for and probably will prove a sequel to Admiral Togo's later assault on Port Arthur.

#### Preparations for Landing Troops

The Japanese advance on the Yalu is finished, but dispatches from Yonagami say no troops have come up from China Ju since last Wednesday, but all agree that what is practically an entire army division has been in the Gulf since Tuesday, many of the transports being off Chikusan and to the east of the largest island of the Quikwhaden group. Other transports are off Chikusan, about twenty miles north of Quikwhaden Islands and in all twenty of the Japanese auxiliary ships, crowded with soldiers are awaiting final orders from Baron Kojima.

#### Notice to Contractors.

Tenders will be received until noon of SATURDAY, the 30th inst., for the erection of a Brick Block, Edmonton.

The plans and specifications may be seen at the office of the undersigned. The lowest or any tender not necessarily accepted.

H. D. JOHNSON, Architect.

#### NOTICE.

A social and sale of work will be given in All Saints' Sunday school on Friday evening, April 22nd. A good program will be rendered and refreshments served. Admission 25c. d-91-94-pd.

#### LOST—\$20 REWARD.

On April the 11th, a sum of money amounting to \$70 or \$75 in bill loose. Finder please leave at the Bulletin Office. d-88-lf-c

#### LOST.

A freight weigh bill book on April 14th. Finder please leave at Revillon Freres. d-90-91-pd.

## C. P. R. VERSUS THE WEATHER

Calgary Herald:—Between snow slides in the mountains and floods in the vicinity of Swift Current the C. P. R. officials are having their share of trouble.

Since the big slide occurred in the Selkirk last Saturday a great gang of men have been employed trying to open up the line to the coast. Because of subsequent slides the work of clearing the road has been made more difficult. Snow from the mountains covered the tracks for several miles and besides trestle work suffered considerable.

Large gangs of men are working night and day to clear the way.

General Superintendent Jamieson went east Tuesday night to direct the work of getting the water off the tracks in the vicinity of Rush Lake. The heavy snow of the past winter has melted rapidly under the strong rays of the sun and as a result floods have been caused all through the country.

It is reported that in the vicinity of Rush Lake seven feet of water covered the tracks in places. When the danger was seen workmen were hustled to make cutlets to drain the water off the roadbed. This work is progressing satisfactorily and there will be a train from the east in Calgary this evening.

Six trains are tied up on account of these spring floods.

That the C. P. R. is doing everything possible to keep traffic open is evident. Last night a number of people wanted to go west. The officials told of their predicament in not having any passenger coaches available. This morning to accommodate these people a train was sent out to Laggan at 8 o'clock. It consisted of a coach and some box cars, in which seats had been placed.

## FORT SASKATCHEWAN NEWS.

From the Reporter:

Stone is on the ground for the foundations of the new school. The contractors, Rawden Bros., commenced work today on the foundation.

On and after Monday next, early closing, which the Reporter has been reporting since its debut, will be an established fact in our town, all the merchants having entered into an agreement to close their places of business at 7 p.m. except on Saturdays and nights before holidays.

Rev. C. H. Huestis, M.A., of Edmonton, will preach for the Methodists at Fort Saskatchewan and Partridge Hill on May 1st. On the following evening he will lecture in the church at the Fort on "The Mighty Dollar," or The Power and use of money.

Ed. Graham, who has been employed in the hardware store of W. F. Langworthy for some time, has resigned his position and in company with George Woolley will take a scow load of oats and potatoes to Lloydminster.

## MAIL ROBBERY CASE.

Calgary Herald:

Although no new developments have come to light in the mail robbery case, much interest is still evinced in it.

At the Mounted Police barracks this afternoon, the three men taken into custody a week ago appeared before Colonel Sanders.

The Crown offered no evidence. The question of taking the three men to Regina was brought up and caused considerable discussion among the lawyers interested.

P. K. Abern, the Pinkerton detective who worked up the Seattle end of the case, is still in the city and is waiting the return of R. G. Chamberlin, who left for Regina two or three days ago.

Both the Crown officers and detectives are most guarded when speaking of the case to let out no inkling of the evidence secured against the prisoners.

He states that everything is flourishing throughout the Territories owing to the great influx of settlers and the rapid occupation of the lands. A veritable boom is looked for at Edmonton.

—Medicine Hat News: The Fire, Water and Light Committee of the town council met on Monday night with Mayor Hutchinson and drafted a circular letter for submitting to the property owners of the town, with regard to a franchise for electric lighting. The circular states frankly that the council at present is not in a position to finance the electric lighting, and asks the citizens to state whether or not they favor granting a franchise for a short term of years to a company or individual, the town's interests to be properly safeguarded with the privilege of purchase by the town at the end of a term of years.

—Free Press: The spring goose shooting is unusually late this season. Last Tuesday the appearance of several flocks started the early migrants out, but they met with disappointment. From Poplar Point, Garman and other places, the word came to Winnipeg that the flights had started and several parties were at once organized. The cold weather of the latter part of the week drove the birds south once more and these parties are still waiting for them to reappear. The heavy storms in the Dakotas indicate that the geese have gone some distance south and all old shooters are firmly of the opinion that it will be at least a week before the grey geese again appear. As for the waxes two weeks is considered the earliest date at which any great numbers of them will be in flight.

### Police Left This Morning To Capture a Lunatic at Weed Creek

Mr. Jas. Smith came in on Saturday from Strawberry Creek, about about twenty miles west of Leduc, to report a case of insanity to the police here. Mr. Smith left home on Friday, but owing to the high water in the creeks, reached Leduc only in time to catch the train for Edmonton. The matter was reported to Major Belcher and a constable accompanied Mr. Smith to Leduc this morning, from where they will drive out and endeavor to capture the lunatic. Owing to the condition of the trail it is doubtful if they will reach the Creek until tomorrow.

The name of the unfortunate man is George Moller. He came with his wife and three children from Montana about a year ago and took up a homestead in the Strawberry Creek district. Moller had formerly been a miner and is reported to have been in very good circumstances. For some time past, however, his mind has been apparently giving way and the climax came on Wednesday last, when he took a gun and disappeared into the woods. He did not return that night and on Thursday the neighbors were notified and a party set out in search. The hunt was kept up all day Thursday and Friday forenoon, when no trace of him having been found, Mr. Smith started for Edmonton to notify the police.

The many creeks and streams in the neighborhood are swollen with the thawing snow and many of the bridges on the trails have disappeared, and as the district in which he resided was thoroughly searched, it is feared the unfortunate man has been drowned in endeavoring to cross some of the streams.

No reason is apparent for his sad condition, as he was a temperate man and in comparatively good circumstances. If not found when the police reach the place, the search will be prosecuted with all vigor in the hope of rescuing him as soon as possible or of finding whether he be still alive.

### MAY ERECT A NEW BLOCK.

Rev. J. Dyke, formerly pastor of McDougall church, Edmonton, and ex-Mayor of Fort William, came in on Saturday and will be in town probably until Thursday.

Mr. Dyke has a two-fold object in visiting Edmonton. He owns the brick block occupied by the G. F. & J. Galt wholesale grocery, and also the adjacent property, and part of his business here is to consider the matter of erecting a large up-to-date business block on this property. Should he decide to build, the new block will be three storeys and modern in every respect and planned with an eye to the future of the town in which Mr. Dyke has every confidence. In this event too, the present building will be remodelled and another storey added.

He is also introducing to the business men of Edmonton and other western cities a new Canadian invention—that of manufactured coral and Mycenian marble. The coral is used for flooring and is a velvety and comparatively noiseless substance of attractive appearance. The slab marble has been used in the King Edward hotel, Toronto, and will be used in the new Union Bank building, Winnipeg, and is considered a very satisfactory material for walls, columns, etc.

Mr. Dyke's trip will take him as far as Vancouver.

### HOMESEEKERS ARRIVE

Things are busier than usual around the immigration hall today.

The first detachments of the Americans to reach Edmonton on the annual homeseekers' excursions, arrived in Strathcona this morning on a special train. There were between eighty and ninety settlers in the party, the majority of them coming from far away Massachusetts. A large number are French-speaking. Many of the new-comers stayed in Strathcona, but a large party came over this morning, and the immigration hall is temporarily filled. They are making arrangements to leave for the country as soon as possible, several of them intending to homestead in the Birch Lake district.

Rev. Father Legonniere is in charge of the French-speaking immigrants.

### STREET RAILWAY AFFAIRS

Mr. R. W. Inglis came in from Montreal on Saturday in connection with the Edmonton Street Railway, the charter for which was secured by a Montreal company some time since. Mr. Inglis visited St. Albert this morning looking over conditions there and announced this afternoon that the company will begin construction operations by June 1st and have a line in completion to either St. Albert or Strathcona by the coming fall. The first city line constructed will be a belt line, provided the permission of the city council can be secured, including a double track on Jasper avenue. While the city considerably exceeds Mr. Inglis' expectations, the company expect to sink several thousand dollars per year, if necessary, for the first few years, trusting to the growth of the city to make restitution. Regarding the Groat estate, which was also purchased by Mr. Trethewey for the company, the property will be entirely sub-divided at an early date, the streets graded, a bridge built across the gully and a park or athletic grounds will probably be arranged. Mr. Inglis is satisfied that a line to St. Albert would be a paying proposition, as an elevator could be erected at St. Albert and grain purchased there. There are also over one million pounds of freight annually hauled from Edmonton, a large portion of which trade will doubtless be captured by the line.

### PERSONAL.

L. Bannerman came up from Red Deer on Saturday.

Mrs. F. Oliver returned on Saturday evening from Ottawa.

Mrs. H. Wilson, of Fort Saskatchewan, was in town yesterday.

## ACCIDENT TO A COWBOY

Calgary Herald:

Harry Gunn, while heading off a bunch of cattle on Wednesday for the Wairond rancho was attacked by an angry bull.

Gunn whipped out his six-shooter, which was a double action gun, and wheeling his horse, cross-fired at the bull. Frightened by the reports, the horse jumped and bucked, and his rider, grasping for the reins with the hand which held the revolver, in some way caught the trigger in the ribbons and discharged the revolver. The bullet, which was a large one, (the pistol being of 44 calibre) passed through the palm of Mr. Gunn's left hand, inflicting a painful and ugly-looking wound. The injured man hastened at once to the house where the wound was dressed temporarily. He is now in the hospital at Pincher Creek.

## PRINCE ALBERT TRIAL

W. B. Van Alstyne has for the past week been on trial at Prince Albert before Mr. Justice Prendergast and a jury on a charge of having murdered a Galician workman.

The accused was in charge of a Canadian Northern construction camp last fall, and was attacked by a number of discontented Galicians and in the course of the trouble he shot one of his assailants.

In the result the jury found the accused not guilty.

## MANY ASPIRANTS

Calgary Herald:

There is every promise of a warm contest for the seats in the city council. The nomination takes place at the city hall on Saturday at 11 o'clock.

So far five candidates have announced their intention of being in the contest. They are Arthur Davies, J. G. Van Wart, William Pitman, A. L. Cameron and Thomas Birney.

Owen H. Bott, J. S. Mackie and W. M. Parslow are also liable to have their names on the ballot papers.

With half a dozen or more in the field there should be a lively time in Ward One the coming week.

## JAPAN BUYS SHIPS

The two new battleships ordered in England by Japan will be exceedingly powerful. Their length, 445 feet, will exceed that of the most powerful British battleships by 20 feet. In order to meet the capacity of docking accommodations, the beam and draft have been fixed at 78 feet and 26 feet respectively. Each will have a displacement of 16,400 tons.

Their main batteries, it is stated, will be the most powerful yet devised, consisting for each of four twelve inch guns, for ten inch, and five six inch guns. The armored belt at the waterline will be nine inches thick, with six inch armor continuing to the level of the deck. A new feature will be a superstructure of four inch armor, insuring that no part of the upper works will be unprotected.

Formal orders for these battleships were placed by Japan with Vickers, Maxim and Armstrong on January 1st, the orders being to complete them as speedily as possible. They were to be finished in the shortest time on record for ships of such dimensions. They are to have a speed of 19 knots and will be able to discharge eleven tons of projectiles per minute from the main batteries.
